

DRUG INTERACTIONS

Most people are polysubstance users. We use more than one thing at a time. Because of this, it's important for us to know how the substances we use interact. When we combine substances we may reduce their benefits, amplify their effects, or even put our lives in danger. **GET INFORMED.**

KEY low risk low risk +synergy low risk -decrease caution unsafe dangerous

WARNING

alcohol opioids alcohol benzos opioids benzos

NOTE: If you are using more than one of these medications at the same time you can work closely with your prescriber to maximize the positive therapeutic benefits of these drug combinations while being careful to minimize the risks of taking them together.
